4-Sided countertop clear glass door merchandisers are designed for durability and visual appeal in promoting impulse sales of your product. These glass door merchandisers are energy efficient and effective at keeping product at exactly the right temperature. This keeps food fresh & delicious for longer time periods. The simple-to-use but precise digital controls allows for accurate temperature settings and regulation. Unit comes with an internal condensate evaporator so a floor drain connection is not necessary.

FEATURES

- Dual pane tempered glass doors and sides enhance energy efficiency by preventing heat loss and minimizing condensation
- Interior LED lighting
- Internal hidden bottom mounted compressor with flow through ventilation to cool the utility compartment
- Manual defrost cycle maintains ideal storage conditions if frost build-up ever becomes an issue
- Internal condensate evaporate pan included. No drain connection is needed.
- Comes with all needed approvals for commercial retailers.
- Single or pass through twin door models available to suit your specific site layout requirements
- Flat top accommodates POP or other marketing support concepts
- 3 heavy-duty, adjustable chrome-plated wire shelves are provided
- Use of R-290 as the system refrigerant delivers energy savings and presents no environmental risks as it's Global Warming Potential value of 3 is unsurpassed by any other current commercial alternatives
- Appliance size and height is adjustable for placing the unit on the floor or counter top
- Unit conforms to 2017 DOE requirements

TEMPERATURE

- Holding temperature: 34° to 54°F (1° to 12°C)
- Digitally controlled system maintains optimum temperature
- This unit is designed to store pre-chilled product at the ideal serving temperature – it is not intended to perform as a pull down refrigerator
- Digital control scheme enables easy adjustment and delivers precise internal compartment temperature regulation
- Temperature can be displayed in Celsius or Fahrenheit

CONSTRUCTION

- Exterior Material: Durable, corrosion resistant black painted steel, black plastic trim, stainless steel base panels
- Interior Material: ABS, an easy to clean, low maintenance surface
- Energy efficient R-290 condensing unit for excellent temperature regulation
- 2" legs (two front adjustable leveling legs)

REFRIGERANT

- Environmentally-friendly R-290 propane which occurs naturally with a GWP value of 3

ELECTRIC

110/60Hz/1 Ph (NEMA 5-15)
 Cord set includes plug & 6' (3m) cord

1.27" / 32 mm

NEMA 5-15P
